

Norther, Always & Never

The one, the where, the why
The one from my perfect world
The world that drew me away

I turn my eyes to see it all
To give you what you're looking for
The day, the day to run away

The one, the way you're here with me
You know my name but will it ever
Ever be the same?

My heart feels broken as I'm lying here
My thoughts are choking 'cause of you, my dear
When everything of meaning disappears

<l>(Chorus:)
Lives in a lie, away forever
Always and never will be together
They all that's left alone
Becomes a heart of stone

Always never, longing for you
Always never, being true

The one, the where, the why
The one for my perfect world
The world that drew me away

My eyes open, now with the world I see
It was a dream referring to our shit I feel
Thank you for wandering
With the most precious world I've seen

<l>(Chorus)

Always never, on my mind
Always never, you are mine

<l>(Jukka's bass solo)
<l>(Tuomas' synth, Kride's and Petri's guitar solo)
<l>(Jukka's bass solo)

<l>(Chorus)

Always never, said I'm done
Always always, change my mind

Always never, being true
I'll always love you!

Always and never!
