

Norther, Drowning

You're on holiday from your thoughts, to live another day in the clouds
In denial you refuse to see, a betrayal and you blame me
We are all going insane, oh yes!
You are definitely going insane, oh yes!

Drowning, can't you see you're going
Under, can't you see you're fading

I'm on holiday in your thoughts, to die another day in the dark
In denial I refuse to see, a betrayal and they all blame me
