

# Norther, Fuck You

You know nothing about us  
You think that we're not cool  
You say we got nothing to give  
We just say... Fuck you  
We don't care about your thoughts  
We will hate you anyway  
You're just a piece of shit  
We take no shit from no one

Fuck you, you're just a piece of shit  
Fuck you, we take no shit

We take no shit from no one  
You can say what ever you dare  
It's all the same cos we don't care
