

Norther, Nothing Left (K.Ranta)

I am all alone
in this pitch-black night
All my dreams in vain
I am the one who lost the fight
Black shadows around me
no hope, no light left inside
Heartless I am
it's time to cut, bleed and die

--chorus--

All this sorrow inside me
turns to hate
I'll have my revenge now
I won't waste another day
There's no use in
denying our love
I have to go tonight
I will fly away

--chorus--

Now we are together
beyond the gates in eternity
I hold your hand
as we drown together in this sea
There's no angels
to guide our way
We are lost forever
the pain inside won't fade away

--chorus--
