

# Northern Room, Everyday

Okay, if love is all you gave  
Then love is all you'll take from me this final kiss will penetrate  
Okay, I'll knock you down today  
If you turn your other cheek to me, you'll find a place to radiate  
And you won't escape

It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
EVERYDAY

Okay, it's me you cannot take  
Just cut me loose I'll pay for all the things you could not say,  
And I shake, 'cos you're laughing in my face  
With all my fears now look around look over your shoulder  
We're lonely everyday

It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
EVERYDAY

Don't leave me here another day

It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
It's getting harder on us EVERYDAY  
And it's getting worse, but that's okay  
We'll never make it on our own today  
We're all the same  
It's getting harder on us EVERYDAY  
EVERYDAY
