

Northern Room, Let Me Out

I won't ever let you down
I won't even make you sing your song
I won't make you cry
I won't even let you burn inside
I won't ever let you go
I won't let you spend your heart and soul
I won't make you cry
I won't even let you close your eyes

Let me out
Let me out from the inside, inside out
Now out, let me out from the inside, inside out

I won't ever let you down
I won't even make you sing your song
Your spirit rests inside mine
And I won't ever let you say goodbye

Let me out
Let me out from the inside, inside out
Now out, let me out from the inside, inside out

Will she fall down with the way I'm screaming?
Will she fall down with the way?
Will she cry out with the way I'm singing?
Fall in love with me

Let me out
Let me out from the inside, inside out
Now out, let me out from the inside, inside out
Let me out
Let me out from the inside, inside out
Now out, let me out from the inside, inside out

I will never let you go
I will never let you go
I will never let you go
I could never let you go

You will only live this life truly once!
You will only see this light truly once!
You will only taste this sky truly once!
You will only live this life truly once!
