

Northstar, Still With You

Thinking contemplating whether i should be with you,
so I substitute you with this drink, I don't know why,
why you had to go, where are you when you're alone,
where are you when you're alone, run from all your
feelings, stop what your doing, because I can't stop
for you, where were you? where did you go? were
you alone? am I still with you? no, and where were
you when you were all alone because I was scared,
were you with that other guy I just don't know why,
why were you so far away, would you let me be you
were alone and I knew you'd go, so where did you go?
