

Norton (POR), Hope

The way I see it
I can't find control no more
First-time limit
I can't find my role - oh no

Oh no

Help me find my way
Come in, come in, come and get it

The meaning of something
Don't lose hope

Something to remember
Come in, come in, come and get it

A minute, an hour, the power

Can you find my way?
Come in, come in, come and get it

I will tell you something
Don't lose hope

Something to remember

Now, it's time for loving

The life I'm living
I can't take control no more
First-time limit
I can't find my role - oh no

Don't let me waver
I behave well
When I'm with you

Help me find my way
Come in, come in, come and get it

The meaning of something
Don't lose hope

Something to remember
Come in, come in, come and get it

A minute, an hour, the power

Can you find my way?
Come in, come in, come and get it

I will tell you something
Don't lose hope

Something to remember
Come in, come in, come and get it

Tonight I, I'm feeling so good

Can you find my way
I will tell you something
Can you find my way

Can you find my way

Can you find my way
I will tell you something

I will tell you something

I will tell you something
Don't lose hope

Something to remember
