

# Not By Choice, Intoxicated

I don't know where I'm going  
don't know where I've been  
I can't remember the last thing you said  
all I know is that you're gone  
and this night has turned to dawn

I don't know what I'm saying  
don't know what I've said  
I can not get this out of my head  
and all I know is that you're gone  
And now this road is ways too long

do you care for me  
when I look into your eyes  
I can see through all the lies  
do you care for me  
when I look into your eyes  
I can see through all the lies  
that you keep telling

I don't know where I'm going  
don't know where I've been  
I can't remember the last thing you said  
and all I know is that you're gone  
and now this road is way too long

do you care for me  
when I look into your eyes  
I can see through all the lies  
do you care for me  
when I look into your eyes  
I can see through all the lies  
that you keep telling

when everything is said  
and everything is done  
will I still be the only one  
when everything is said  
and everything is done  
will I still be the only

do you care for me  
when I look into your eyes  
I can see through all your lies

do you care for me  
when I look into your eyes  
I can see through all the lies  
do you care for me  
when I look into your eyes  
I can see through all the lies  
that you keep telling me
