

Not By Choice, Miss You

Now that you're gone yeah I see what you mean to me
I know that it's wrong but I'm too blind and I can't see
Now that you're gone I can't help feeling all alone
I know that it's wrong I sit and wait by the telephone
I'm waiting for you to call
Miss you so much I can't sleep
Can't even stand on my own two feet
And I can't take this anymore
And now I wish that you were here
Wish I could take away all of your tears
And now that you're back you're telling me everything is ok
I know that you're wrong I know that you're wrong
Cuz you're leaving me today
And now that you're gone I can't help feeling all alone
I know that it's wrong I sit and wait by the telephone
I'm waiting for you to call
Miss you so much I can't sleep
Can't even stand on my own two feet
And I can't take this anymore
And now I wish that you were here
Wish I could take away all of your tears
But I can't take those words away
Miss you so much I can't sleep
Can't even stand on my own two feet
And I can't take this anymore
Miss you so much I can't sleep
Can't even stand on my own two feet
And I can't take this anymore
And now I wish that you were here
Wish I could take away all of your tears
But I can't take those words away
