Not By Choice, Wish Upon A Star

Woke Up This Morning on the wrong side of the bed Some days you wake up and you wish that you were dead You never knew that I loved you and you never will You never knew that I loved you Wish Upon A Star I wonder where you are The days go by and I still feel the same Wish Upon A Star I wonder where you are The years go by and I'm the one to blame Drove by your house again today thinking of the past You said it's funny how our lives go by so fast You never knew that I loved you and you never will You never knew that I loved you Wish Upon A star I wonder where you are The days go by and I still feel the same Wish Upon a Star I wonder where you are The years go by and I'm the one to blame You never knew that I loved you and you never will You never knew that I loved you Wish Upon A star I wonder where you are The days go by and I still feel the same Wish Upon a Star I wonder where you are The years go by and I'm the one to blame I'm the one to blame
