

Not Katies, November Girl

I don't know why
but you seem so far away from me now
i can't hold you anymore
and when we talk on the phone
it doesn't sound like you're there
but i can't hate you

so easy! to forget it all
and i know that
it's over!
got nothing in common
I can't believe you think that
I know you're wrong (I know you're wrong)
I wanna be with you
I know that driving in your car is alright
It's alright!

I don't know why, but i liked the way you laughed at me
We can make each other smile
and i still hate your flatmate
and your stupid cat
i'll never forget you...

it's so easy! to forget it all
and i know that
it's over!
got nothing in common
I can't believe you think that
I know you're wrong (I know you're wrong)
I wanna be with you
I know that driving in your car is alright
It's alright!

and now the seas have changed (tell me why)
it doesn't feel the same
cuz you.. you're not around
you're not around YEAH!

it's so easy! to forget it all
and i know that
it's over!
got nothing in common
I can't believe you think that
I know you're wrong
I wanna be with you

I know that driving in your car is alright
I wanna be with you
I wanna be with you
I wanna be with you
I wanna be with you
