Not Katies, November Girl

I don't know why but you seem so far away from me now i can't hold you anymore and when we talk on the phone it doesn't sound like you're there but i can't hate you

so easy! to forget it all and i know that it's over! got nothing in common I can't believe you think that I know you're wrong (I know you're wrong) I wanna be with you I know that driving in your car is alright It's alright!

I don't know why, but i liked the way you laughed at me We can make each other smile and i still hate your flatmate and your stupid cat i'll never forget you...

it's so easy! to forget it all and i know that it's over! got nothing in common I can't believe you think that I know you're wrong (I know you're wrong) I wanna be with you I know that driving in your car is alright It's alright!

and now the seas have changed (tell me why) it doesn't feel the same cuz you.. you're not around you're not around YEAH!

it's so easy! to forget it all and i know that it's over! got nothing in common I can't believe you think that I know you're wrong I wanna be with you
