

# Not Like Them (NLT), I choose you

Yeah yeah, ohh

Oh girl

Yeah yeah, ohh

Your face, your hair, your attitude

Your eyes, your smile, your body too

These are some of the things

That I like

And there's a couple I can't describe

(oh girl)

You the type that don't bring the drama

You the type I take to meet the mama (girl)

And I know that she gon' like you too

Baby that's why I choose you

You're not that everyday girl

But still around the way girl

Baby that's why I choose you

Cuz you know what I'm thinkin'

Before I even speak it

Just to they don't get it confused

It's Y-O-U

And everything I do

It's for Y-O-U (oh)

I'm convinced baby you're the one for me

Girl I know fo' sho'

Baby that's why I choose you
