Nothing But Thieves, Ban All the Music

Cut me off from the rest of the world It's my addiction It turns me on

It's oh-so quiet, my end of the world Ban all the music It's all gone wrong

This is, this is it
They're tryna take it from me
Got this, this is it
Won't let them take it from me
Play an illegal song
Turn it up louder
Play an illegal song
Turn it up louder

There's a buzz in the air, I've been told It's my affliction
Been sick so long

Switching off all the noise I've been sold Ban all the music It's all gone wrong

This is, this is it
They're tryna take it from me
Got this, this is it
Won't let them take it from me
Play an illegal song
Turn it up louder

Play an illegal song Turn it up louder This is, this is it They're tryna take it from me Got this, this is it Won't let them take it from me Play an illegal song Turn it up louder Play an illegal song
