

Nothing But Thieves, Futureproof

They're shutting down the protest
We're so on trend
Quick, go grab a picture
Go get that content
You're stealing the attention
But ut's a great look
Why do you wanna do good
Wehn you can feel good?

I wanna be Futureproof
Come and lift me up until I'm higher, higher
Vulture coming to steal my youth
Throw the pieces down into the fire, fire

Liars coming to take my truth
I want to be Futureproof
