

Nothing But Thieves, Welcome to the DCC

Welcome to the DCC
Dead Club City
Wake up in the DCC
Dead Club City
All the heaven, all the time□

If you dream it
You can have it
If you believe it
It can happen

Welcome to the DCC
Dead Club City
Live your perfect life
Welcome to the

We got problems
See them gather on the shore
Empty promise
'Can't say nothing anymore'
I've been shouting
I've been shouting down a hole
Hello?
Watch 'n' repeat
Saw your heaven in between
Come and get me
I'm so ready to begin
I've been hoping
I've been hoping for your call

Welcome to the DCC
Dead Club City
You can live your perfect life
Wake up in the DCC
Dead Club City
All the heaven, all the time

Sunlit upland
A new planet
Enjoy the feeling
Let it happen

If you dream it
You can have it
If you believe it
It can happen
It can happen

We've got the feelings that you want
Peace, love and understanding
We've got the feelings that you need
Take back control, be happy

Welcome to the DCC
Dead Club City
You can live your perfect life
Wake up in the DCC
Dead Club City
All the heaven, all the time
