## Nothingface, For All Thesin

I can't feel this way today And I said that I am tired So go to sleep and close your eyes I'm sorry For all the sin For all deception You know it's hard to face you When I know what you did You're sorry Stay far away from you I'm sick and tired of you too But there's the way that you move Dressed up in lies Beds in truth You tried everything you said But I see that you can't be What you were before I'm laughing Please understand these words You are nothing anymore And your skin it hides your waste, your ag You're lifeless Stay far away from you I'm sick and tired of you too There's only one way to hide it Just paint your eyes it bides the time... But there's the way that you move Dressed up in lies Beds in truth What if I find my way to it Confinement of mind Encased in lies... Why are they doing this? They said when you got here the whole thing started. Who are you, what are you? Where did you come from? I think you're the cause, of all this, I think you're evil! EVIL!!!! Again, you fucking did it again Stay far away from you Im sick and tired of you too What if I find my way to it Confinement of mind Encased in lies, lies, lies, lies...
