

# Nova Heather, Bare

I want to live where the sky is big  
Simple and free  
That's where I want to be  
Simple and free  
That's where I gotta be  
Take my clothes off  
Be the one I am  
In my own rhythm  
Like the water  
Just living day to day to day to day  
Just living day to day to day to day  
Like a cherry seed  
Let me learn to bleed  
Breaking open  
Like the sun  
Just living day to day to day to day  
Just living day to day to day to day to day
