

Nova Heather, Home

Take me home
Send me on a ship
My life leaves me
Homesick
Home
I forget myself
Home
I can't let myself
Let myself go
Miss my baby bones
I know the way they felt
I've been aching
For mother's milk
Home
I forget myself
Home
I can't let myself
Let myself go
And I wanna be only bereft
And I wanna get smartest in my heart
Somebody to cut what I can't chew
Fill me up like it fills the room
Got my big girl
Body and shoes
Sometimes lately
Its hard to choose
Home (can't let myself go)
I forget myself
Home (can't let myself go)
I can't let myself go
Home (can't let myself go)
I forget myself
Home (can't let myself go)
I can't let myself
let myself
let myself
let myself
let myself go.
