

# Novastar, This Is A Road To Nowhere

Would they let you see me  
when you need me on your way home  
I am undecided I can't hide it  
and I'm on my way home  
we're on our way home  
we're on our way home

out of the blue  
a simple clue  
opens to you  
it reads this is a road to nowhere  
this is the end in everyone  
this is the end in everyone  
this is the end in everyone out here

maybe I'm just frightened  
by the silence on my way home  
I am so enlightened  
I can't hide it  
I am on my way home  
we're on our way home  
we're on our way home

out of the blue  
a simple clue  
opens to you  
it reads this is a road to nowhere  
this is the end in everyone  
this is the end in everyone  
this is the end in everyone out here

love is a loss in everyone  
love is lost in everyone  
love is a loss with everyone I see I see
