

Novastar, Wrong

She just left me, oh
and theres no one here that I
want to change her for
and I was good for her
still she says she dont know
who she adores

where did we go wrong
was it somewhere along this trip to Miami
where did we go wrong
was it somewhere along this trip to Miami

well I dont agree
that youre better off without
Sir Raymond not me
'cause we were good for you
still you say you dont know
with whom you should be

where did we go wrong
was it somewhere along this trip to Miami
where did we go wrong
was it somewhere along this trip to Miami

why should I bother
I dont need no other to be on myself
why should I bother
I dont need no other, no no

so where did we go wrong
was it somewhere along this trip to Miami
where did we go wrong
was it somewhere along this trip to Miami
