

November Blessing, Be My Queen

Maybe it was just the look in your
just the look in your eyes
When I told you I loved you
When I told you I loved you that night
and i can do nothing but
do nothing but sing
tell me baby how did it feel
when I gave you that ring
Well I can tell you how it felt for me
I can tell you that I felt like the king
that you saw in the last scene
of this movie but baby I need a queen
Maybe it was just the feeling i got
when you looked into my eyes
and I stared back into yours
and said we never have to say goodbye
you make me feel so invincible
that why i'm singing you this song
Oh baby this feels so right,
so tell me if i am wrong
Well I can tell you how it felt for me
I can tell you that i felt like the king
that you saw in the last scene
of this movie but baby I need a queen
oh whoa whoa...
oh baby this feels so right,
can this be real
because honey
I love how you make me feel
Well I can tell you how it felt for me
I can tell you that i felt like the king
that you saw in the last scene
of this movie but baby I need a queen
I can tell you how it felt for me
I felt like the king
yeah and if i'm a king then i'm in need of a queen
