

# Novembers Doom, Leaving This

For many years youve been my life, Ive been thankful for our time  
From rainy days to snow filled nights, youve always been there for me

And nows the time I say farewell, for Im leaving this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memory

For lives Ive touched, and those returned, this was only a moment in time  
I need you to know before Im gone, Its always been for you

And nows the time I say farewell, for Im leaving this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memory

I will miss our days of glory, along with the hardship and loss  
Its all been a friend to me, in the end, this reflection Ill embrace

And nows the time I say farewell, for Im leaving this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memory
