

Novembre, Come Pierrot

Dream sweetest dreams
aqualunae dreams

Come with me up the stairs of the rainbow at the horizon
made of drops of down
don't worry, I'm just the guardian of your playground
when the day has gone down

But I'm closing dawn of me, closing down on me

I'm wondering who's my guide towards the horizon
Will I ever know?
'cause I'm not allowed to have dreams except for one
Please be my only one

And it seemed so long and shining bright

Stasera piovon gocce d'acqua di luna
ed io arroccato quass come Pierrot...

(Translation:)
(Tonight moonwater drops are falling
as I'm sheltered un here just like Pierrot...)

Farewell oh my dear moon, goodbye
You gave me shelter when dogs howled

The time has come, my task is now done
keep shining forever!

A sweet tune accompanies my last bits of life
lulling my passing away

Dream the sweetest dreams
Aqualunae dreams
Take my hand and dream
Aqualunae dreams
