

# Novembre, Come Pierrot

Dream sweetest dreams  
aqualunae dreams

Come with me up the stairs of the rainbow at the horizon  
made of drops of down  
don't worry, I'm just the guardian of your playground  
when the day has gone down

But I'm closing dawn of me, closing down on me

I'm wondering who's my guide towards the horizon  
Will I ever know?  
'cause I'm not allowed to have dreams except for one  
Please be my only one

And it seemed so long and shining bright

Stasera piovon gocce d'acqua di luna  
ed io arroccato quass come Pierrot...

(Translation:)  
(Tonight moonwater drops are falling  
as I'm sheltered un here just like Pierrot...)

Farewell oh my dear moon, goodbye  
You gave me shelter when dogs howled

The time has come, my task is now done  
keep shining forever!

A sweet tune accompanies my last bits of life  
lulling my passing away

Dream the sweetest dreams  
Aqualunae dreams  
Take my hand and dream  
Aqualunae dreams
