

# Novi Ierusalim, My Dream

A bird with a broken wing  
I fly back home  
Your arms around me  
That's where I belong  
Desperate to know Your love  
I feel so lonely  
I'm like a candle with no flame

When this dream comes to an end  
Tell me, was it real  
On Your wings with no regret  
I will fly away  
You are waiting at the door  
The door that leads to heaven  
Now I'm going home

Pages of my life  
Are tender white.  
Your angels whisper,  
That I'll never be denied.  
So many roads I've gone  
And so much I stumbled.  
You, You would never let me down.

All I have I leave behind.  
All the gold I will throw it to the wind.  
Only Your love, Your precious love  
Will bring me home, just as I am,  
You carry me.
