

Novi Ierusalim, Reflection

Perfect mirror reflected
Our heavenly face
Could be higher than angels
But we have chosen disgrace

Perfect Image of Heaven
Come to save human race
Could be higher than angels
Again we've chosen disgrace

I don't wanna turn away
For I wanna see Your face
So I could look You eye to eye
I don't wanna turn away
For I gotta know Your grace
So I could hold Your hand and fly

Perfect Image of Heaven
We could see face to face
In Your eyes we reflected
Again You gave us the grace
