

Novi Ierusalim, Walk On The Water

Look out,
Savage deluge of rain
Soon the world is gonna drown
Know that,
We better leave it all
To escape from the flood

Follow the blow of wind
Through the waves walk on water
Journey for life begins
As you step out on the water

Know that,
We'll be pure as snow
Innocent as a child
You'll see
Many will follow us
To surrender to the Light
