

NRG, Boy Pie

Im gonna make you into Boy Pie
Im gonna make you into Boy pie
Cos i don't need
You no more
You made my feelings hurt so sore
WHen on my face
You closed that door
I don't need you no more
No, I don't need you no more.
You walked out on me
And left me on my own
Now you're back for more love
But i will turn you down
Im gonna make you into Boy Pie
Im gonna make you into Boy pie
Cos i don't need
You no more
You made my feelings hurt so sore
WHen on my face
You closed that door
I don't need you no more
No, I don't need you no more.
I don't need you here
So ride off now in top gear
I don't need you here
So ride off now in top gear
Im gonna make you into Boy Pie
Im gonna make you into Boy pie
Cos i don't need
You no more
You made my feelings hurt so sore
WHen on my face
You closed that door
I don't need you no more
No, I don't need you no more.
I don't need you no more.
