

NRG, Nothing

Even when were together
Its not awkward anymore
Its been a long time since we broke up
As you joke
You can even laugh and smile now
Almost like you forgot about everything
Whenever youre
nothing but a friend
However, its not easy for me
Come back to me
Just that phrase I cant say
Im just biting on a coffee cup
Come to me again
Only inside of you
Without being able to say a word
Im only able to look to you
Whenever youre
nothing but a friend
However, its not easy for me
Come back to me
Just that phrase I cant say
Im just biting on a coffee cup
Come to me again
Only inside of you
With words that arent from my heart
I make you hurt again
I love you
I just want to say that
Like you know that my heart feels like its going to explode
I love you so much
Even though I gather courage and call you
However, like a joke
You just laugh again
Though Im still the same
