

NRG, You, Me

Rap

Open the window
White snow falls down
From my eyes tears are falling
I can't speak
This feeling used to be happiness
That time tomorrow is without us in reality
Yesterday I thought of us and was too sad to smile
I'm lonely and hurt and tears are falling
We were happy, together you and I
Times like that more and more, I'm yearning for you
more
Today, also, I carry you in my heart
You used to tell me that you loved me
Those nights my lips you used to kiss lightly
I can't forget you
I miss you, I want to see you
I long for you like I'm going crazy
I think only of you
What must I do?
I just don't know

Rap

Today all day in my tears there was confusion
I can't forget you (forget)
I'm so confused
Even when I watch a video,
On the screen I see your face (on, on)
I see your features and again tears form in my eyes
Everything used to be picture-perfect
You and I
In the future, now and forever, together
I used to believe we could do it
Those days, you and I (you)
Night and day, in my heart, became a star
