

# Nu Flavor, Lovers

I love her so much  
From the taste of her kiss to her gentle touch  
The way she whispers in my ear  
Like there is no one else here  
I'm so crazy for you baby  
You know I wouldn't want anyone else cause you my lady

Bianca:  
Are there words to describe  
What I'm feelin' inside  
Just to have you here with me  
Is where, for the rest of my life, I'll wanna be  
Boy I need you  
One more night without you, I can't go through

Can I just have one more kiss  
So I can remember this  
I can't say a word

Cause I'm so crazy girl  
Crazy for you  
So crazy in love I don't know what to do

Nu Flavor & Bianca:  
And for the rest of my life it'll be  
Just you and me  
Can this be  
that your right here with me  
We'll be together forever  
All my life I've wanted someone like you  
To walk in and say "Baby I Do"  
And forever I will remember it all  
And I'll never fall  
For anyone but you
