

# Nu Virgos, Good Morning Daddy!

You're like the music  
Absent from the radio  
The genius of kindness  
That I've found  
You're like the money  
That is now irrelevant  
You can not keep me  
From the world around

There is no past  
Don't wanna wake you  
Don't wanna stay  
So I say thank you

Good morning daddy  
Our song is only silence  
Good morning daddy  
Our song is only silence

You helped me always  
Learn it by experience  
So I learned  
To be breaking every rule  
You'd never think  
That I could be that serious  
But I don't wanna be  
Somebody's fool

There is no past  
Don't wanna wake you  
Don't wanna stay  
So I say thank you

Good morning daddy  
Our song is only silence  
Good morning daddy  
Our song is only silence

Good morning daddy  
Our song is only silence  
Good morning daddy  
Our song is only silence
