

# Nullset, The Way You Make Me Feel

I never really knew  
What it was like  
To be  
A manicon  
If I fill my mind  
Full of plastic  
We could be so in love

Couldn't see the way  
The way you make me feel  
I can't believe the way  
The way you make me feel

I never really knew  
What it was like  
To be  
implaced like steril  
I never really knew  
What it was like  
To live  
So in love

Can't stop it ain't real

I stole in time was a mess  
Cause i have to confess  
Didn't really want to understand you  
And if i'm feeling like this  
I hope you won't resist  
Just because i were belong  
In shape like one
