

Nuts Can Surf, Behold The Beast

Behold the beast
Inside of me
Coming at you quick
Like a lunatic
Even when you die
You will still rise
In eternal sun
Its just begun
Even when I get you down
I can get you up
And when I'm not around
Hey I can get you
You kicked my ass once
So I'm in pain
What you gonna do
What your gonna say
(repeat 1st verse)
