

Nuts Can Surf, Fellatio In The French Workbook

tie me up, to a car.
drivin' trough, stripper bar.
make me up, paint my hair.
drag me down, without a care.
Satan's dressed in a chicken suit,
eatin' gravy outta boot.
trapped inside, an empty can,
molestin' cripples in the back of a van.
beat my head trough the wall,
standin' 18 inches tall.
take off your clothes.
get it down, get a gun,
eatin' nickels outta bun.
polyester strap-on jello,
smokin a brick, feelin' mello.
