

# Nuts Can Surf, Wurble

I'm sittin' here on the corner  
without a shirt outta work.  
pickin' all the paint outta my hair  
in the back - cadillac jack.  
I'm swimmin' a grizzly bath pool  
painted it white all through the night.  
stubbin' my toe on a garden back ho  
rubbin' his head on the bed  
wearin' no clothes on a rubber raft  
swimmin in cream, on the scene.  
now I'm naked on the book  
kill the nun and I'm a crook  
pot of gold go now  
rippin' tortoises on the ground.
