Nylon Beat, Don't Disappoint Me

Don't push your luck too hard
Never hurt my heart
Don't disappoint me
If you love me
If you love me

You turn the other way
Don't you hear me say
If you love me
Don't disappoint me
Don't disappoint me

In this world
Where nothing seems to be allright
Don't ever turn your back to me
And say goodbye
Don't disappoint me

In this world
Where nothing seems to be okay
Don't ever turn your back to me
And go away
Don't disappoint me
Don't disappoint me

You say you think of me
How can I be sure
If you love me
If you love me
Do you love me

You're gonna say goodbye
Baby tell me why
You disappoint me
Though you love me
Say you love me

In this world
Where nothing seems to be allright
Don't ever turn your back to me
And say goodbye
Don't disappoint me

In this world
Where nothing seems to be okay
Don't ever turn your back to me
And go away
Don't disappoint me
Don't disappoint me

Don't make me sad
Don't make me sad
Don't make me sad
Don't make me sad

Please don't say goodbye
Stay one more night
And make it allright

In this world
Where nothing seems to be allright
Don't ever turn your back to me
And say goodbye
Don't disappoint me

In this world
Where nothing seems to be okay
Don't ever turn your back to me
And go away
Don't disappoint me
Don't disappoint me
