

Nylon Beat, L.O.V.E. Blue

L.O.V.E. blue
I think I'm loosing you
Suspiciously I find
That sign

L.O.V.E. blue
Just because of you
A doubt came to my heart
And mind

He's talking in his sleep
And I gotta listen
He doesn't know he's hurting me so deep
He's dreaming of somebody else
But not of me

He doesn't know I hear
Anything forbidden
Secrets that I'm not supposed to hear
He's calling someone else's name
When I'm not near

L.O.V.E. blue
I think I'm loosing you
Suspiciously I find
That sign

L.O.V.E. blue
Just because of you
A doubt came to my heart
And mind

He's going out tonight
Nothing more than walking
With no special reason on his mind
And when he's back
I smell a perfume that's not mine

Picking up the phone
He's gonna do some talking
Thinking that he's safe at home alone
I hear him whispering to someone I don't know

L.O.V.E. blue
I think I'm loosing you
Suspiciously I find
That sign

L.O.V.E. blue
Just because of you
A doubt came to my heart
And mind
