

O.C. Supertones, 20/20

I felt so introspective tonight
Thinkin' ahead about my final hindsight
Did I make every moment count
How much did I sit about
Doin' not the good I know to do

CHORUS

What will I say when I'm faced with His glory
the saints and the angels as I tell my story
Will the works I've accomplished be worthy of Heaven
What will I think lookin' back
What was gold what was dross
What was gain and what was loss
What will stand and what was fleeting
And what will I change while my hearts still beating

20/20(x3)

So many thoughts fill up my mind
Look inside the word and I can't find
The promise of another day
Or how much longer I will stay
No one really knows how long they have

(CHORUS)

20/20(x3)
