

O.C. Supertones, Forward To The Future

It all went by so fast
I'm always looking back
On some golden day
But nothing gold can stay
Older yes and wiser some
I am what I have become
But am I becoming what I want to be
And as we go on with the rest of our lives,
Don't forget from where you came

Chorus:

Look forward to the future
What you wanna be
Look forward to the future
Grace, integrity
Look forward to the future
The things you want to do
Look forward to the future
Faith and honesty

Wistful as a wish
I sit and reminisce
On people that I knew
And old friends that I miss
Older, yes and wiser some
Looking at how far I've come
But is where I'm going where I want to be
