

O.C. Supertones, Found

Paul was walkin' on the road to Damascus
A big bright light and the Lord came and asked him
Darkness to light, come follow Me
And after he was blinded, he could finally see
I once was lost, 'til the Lord came in
He captured my heart and took away my sin
And now I'm living for Jesus 'cause of all He's done
God gave mercy through His only Son

And then He found me
