O.C. Supertones, I Love God

Gotta give me something that will last Someone that won't judge my past Give me a future that is bright Open my eyes to the light

I love God and God loves me He sets the chosen people free I love God and God loves me He sets the chosen people free, today

He is the way the truth and light He is the way I'll say I'm right He gives me hope and He gives me peace His grace and love will never cease
