

O.C. Supertones, Louder Than The Mob

(Verse 1)

I know I'm just another Judas, kiss Your face
While I drive the nail in Your hand
I know I'm just another Thomas, won't believe
Until I feel the hole in Your hand

(CHORUS)

Then I will say, my God,
I see not what You see
My God, what do You see in me?
My God, crowned in glory
The Lamb of God is worthy

(Bridge)

My sin yell, "Crucify!" Louder than the mob that day
My sin yell, "Crucify!" louder than any mouth.

(Verse 2)

I know I'm just another Judas, kiss Your face
While I drive the nail through Your hand
I know I'm just another Thomas, won't believe
Until I feel the hole in Your hand
