

# O.C. Supertones, Resolution

(Verse 1)

I've meant to do this for some time  
I've gotta get it right this time  
This time my God I will be Yours,  
All my heart, my soul, and mind  
Been so long since I truly smiled  
But You touched my heart today  
Reached through my mind of mud and mire  
Consumed the idols in Your way

(Chorus)

So I am brand new  
Today, I make my resolution  
Today, I make my resolution  
Today, I make my...  
Today, I make my resolution  
Today, I make my...  
Looking back the way I used to be

(Verse 2)

Been down so long that it seems like up,  
I took it now I've had enough  
Of the life that I've been livin'  
It feels so cold this far away  
So today I will make a change  
I will make a change today  
Purge my mind of mud and mire  
Cast all my gods away

(Chorus)

(Bridge)

It was just me and God  
Can I be there again?

(Ending)

Today I make my resolution.  
Today I make my resolution.  
Today I make my...  
Today I make my resolution.  
Today I make my...  
Today I make my resolution.
