

O.C. Supertones, Where I Find You

Well I messed up, feel like I can't even lift my eyes up
Covering this stain that I'm ashamed of, the way I take advantage of your love
And I'm terrified, stand before your throne with blood on my hands
I realize it's only by your blood that I can

I knew that is where I'd find you
I don't have to remind you of all the times I've failed you
I knew that is where I'd find you
So this is where I've come to, there's nothing else I can do

I'm confessing I'm upto my ears in transgression
Is this the way I thank you for a blessing?
I know it's hard to tell but I'm am trying

So here I am with nothing to say for myself
Once again, to plead the blood and nothing else

I knew that is where I'd find you
I don't have to remind you of all the times I've failed you
I knew that is where I'd find you
So this is where I've come to, there's nothing else I can do

So here I am with nothing to say for myself
Once again, to plead the blood and nothing else

I knew that is where I'd find you
I don't have to remind you of all the times I've failed you
I knew that is where I'd find you
So this is where I've come to, there's nothing else I can do
