

O-Town, All Or Nothin

i know when hes been on ur mind
that distant look is in ur eyez
i thought wit time you'd realize its over...over
its not the way i choose to live
n somethin somewheres got to give
as sharin this relationship gets older...older
you know id fight for u but how can i fight someone who isnt even there
ive had the rest of u now i want the best of u i dont care if thats not fair

cuz i want it all
or nothing at all
theres nowhere left to fall
when u reach the bottom its now or never
is it all
or are we just friends
is this how it ends
wit a simple telephone call
u leave me here wit nothin at all

there are times it seems to me
im sharin u wit memories
i feel it in my heart but i dont show it...show it
n then theres times u look at me
as tho im all that u can see
those times i dont believe it right
i know it...know it
dont make me promises baby u nevr did no how to keep them well
ive had the rest u now i want the best of u now its time for show n tell

cuz i want it all
or nothing at all
theres nowhere left to fall
when u reach the bottom its now or never
is it all
or are we just friends
is this how it ends
wit a simple telephone call
u leave me here wit nothin at all

cuz u n i
could lose it all if u got no more room no room inside
for me in ur life

cuz i want it all
or nothin at all
theres nowhere left to fall
its now or never

is it all
or nothin at all
theres nowhere left to fall when u reach the bottom its now or never
is it all
or are we just friends
is this how it ends
wit a simple telephone call
u leave me here wit nothin at all

im nothin at all
theres nowhere left to fall
when u reach the bottom its now or never
is it all
or are we just friends
is this how it ends
wit a simple telephone call

u leave me here wit nothin at all
