

# O-Town, American Game

Dan:

So here it goes  
The story of my life so I've been told  
Get on follow boy or you'll be left out in the cold

But I dont give a damn  
Cuz I know who I am  
And you dont gotta understand  
Cuz I cant change for no man

ALL:

I chose to go along the road less traveled

Dan Echo:

I chose to go the road less traveled yeah

Chorus:

I play the American Game  
But I don't play the same  
I got my hat tipped down  
I got my peace sign out  
And I'm not gonna change

Jacob:

So here I am  
Generation X, now I'm happy as hell  
Cuz I'm rockin' in here  
On American soil mmmm Put it back

Because of you my friends  
I can live my life and I can be  
Free to be me  
It's such a feeling to  
Not have to give a damn  
Cuz I know who I am  
And ya'll don't gotta understand  
Cuz I don't change for no man

Jacob:

Cuz I chose, to go along that road less traveled

Echo ALL:

I chose to go along the road less traveled

Chorus:

I play the American Game  
But I don't play the same  
I got my hat tipped down  
I got my peace sign out  
And I'm not gonna change

Guitar Solo: Dan, Jacob and member of band play together

I don't give a damn  
Cuz I know who I am  
But I don't play the same

I play the American Game  
But I dont play the same  
I play the American Game  
But I dont play the same  
I got my hat tipped down  
I got my peace sign out  
And I'm not gonna change

I play the American Game

But I don't play the same  
I got my hat tipped down  
I got my peace sign out  
And I'm not gonna change

I play the American Game
