

OAG, Crush

had a crush, I'm crushing on you
When the fun is going on
Did you blow the smoke into my eyes?
Well I had a dream, I dream about heaven and hell
You were an angel and I was the devil himself.

Well I had a crush, crush on you
Yea it's you
Well I had a crush, crush on you
Yea it's true
Well I had a crush on you
No one but you.

I had a crush, I'm crushing on you
O this must be heaven
Did she smile when we sweet spoke together?
And I remember I had this dream I was tripin with you
I'm your Lucifer and you were the goddess herself.

Yes I had a crush (crush), crush on you
Yea it's you
Well I had a crush, crush on you
O yea it's true
Well I had a crush, crush on you
No one but you.

O you were the goddess herself
Yea I had a crush, crush on you
Yea its you
I had a crush, crush on you
Yea it's true.

Well I had a crush, crush on you
Yea its you
Yea its true
